

ATHLETIC FIELDS

APOLLO PARK

Homewood, Illinois

In 1990, when the U.S. Army Reserve declared its Homewood site surplus Federal property, the Federal Lands to Parks Program transferred the 15-acre site to the Homewood-Flossmoor Park District. Homewood used the land to expand adjacent Apollo Park. The Park includes two baseball fields, three softball fields, three soccer and flag football fields, two sand volleyball courts, a walking and bicycle path, concessions, a playground, and a picnic area.

MASTERTSON STATION PARK

Lexington, Kentucky

In 1972, the Federal Lands to Parks Program transferred part of the National Institute for Mental Health's Clinical Research Center to the Lexington-Fayette Urban County Government. The result is 654-acre Mastertson Station Park. The park includes equestrian facilities, an outdoor concert area, a nursery, a greenhouse, picnic facilities, an exhibition area, and a 64-acre soccer complex.

PLEASANTON SPORTS AND RECREATION PARK

Pleasanton, California

In 1971, the Federal Lands to Parks Program transferred 105 acres of surplus land to develop the Pleasanton Sports and Recreation Park. Pleasanton has spent \$6 million to create eleven soccer fields, fourteen baseball fields, four lighted softball fields, walking trails, two basketball courts, two football fields, a skateboard track, and play areas. The park serves 400,000 people each year. Pleasanton has received awards for the park from the State of California and the California Park and Recreation Society.
